Hiccup and his friends, Astrid, Snotlout, Ruffnut, Tuffnut, and Fishlegs, were flying around and warming up to show their their new tricks. Everything was fine until it was Hiccup was about to jump off Toothless for the new trick, Toothless made a sound that remended Hiccup of an "Oo. . ." sound and before Hiccup was prepared, Toothless sky rocketed towards the ocean. Within seconds, Hiccup changed Toothless' tail right before they could touch the ocean with full force. "What were you thinking?" Hiccup questioned the dragon almost yelling at him. That is when something gold flashed sunlight in Hiccup's eyes. "What the. . ." He covers his eyes and when he uncovers his eyes he sees a boy about his age falling from the sky, unconscious.

## 2. Chapter 2

### 5 Minutes Later (Jim POV)

I slowly opened my eyes. The last thing I remember doing was flying on my solar surfer, enjoying the new sights of this world, and then something really big and orange ran into me. Now I'm waking up on a wooden bed with my head pounding and lets not that there is a huge piece of stone on the other side of the room with burn marks on it. "Where the heck am I?" In response I heard chirping. "Morph?" The little pink blob came out of my pocket and rubbed against my cheek, purring. "It's good see you, too ." With that said Morph led me outside.

## Normal POV

As Jim looked around he became more excited. There were dragons, vikings, and dragons! While Jim was still looking around Morph decided to do some "exploring". "Morph?" Jim felt around his pockets and then saw the pink blob. "Morph!" He chased after it and when he caught up Morph hind. "Where are you?" He looked into a barrel full of fish and to his surprise one of the fish had blinking eyes. "There you are!" He jumped into the barrel. Little did they know that there was a group of teens behind them.

"Did he get hit on the head?" Snotlout asked Hiccup while the twins laughed and Astrid was ready to fight if needed. That is when Jim decided to come out. He was shielding something with his hands.

"I'm Hiccup. Are you okay?"

"Uh, yeah. I'm okay." He took his hands and clean himself up, which resulted in a pink blob being let loose that surprised the group of teens.

"What in the name of Thor is that!?" Fishlegs asked almost wetting his pants.

"Oh, that. . ." Jim pointed at Morph, who waved hi to the teens. "That is Morph and I am James Hawkins but you can call me Jim." Morph saw one of the dragons. The dragon found Morph to be a treat and growled. Morph being Morph transformed into a smaller version of the dragon and growled back. "Morph." Jim warned the pink blob.

"How did he do that?" Hiccup asked.

"His a Morph. He can morph into anything." The pink blob decided he should stay in Jim's pocket for a little while.

"I think we all want to know what happened to you
